PAST OLYMPIAD QUESTIONS AND ANSWERS FOR PRIMARY SCHOOLS

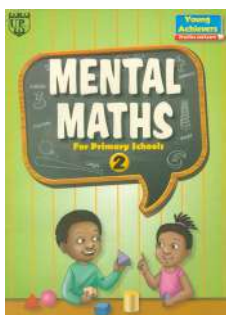

ISBN:
9789789405763

The book is a compilation of questions and answers carefully drafted to refresh students' knowledge of mathematical skills and prepare them for international examinations. It covers all the topics treated at the primary level and comes in handy as it can pass for a mathematical handbook for teachers and pupils. The book is a product of the Mathematical Association of Nigeria (MAN) whose wealth of knowledge cannot be over-emphasised.

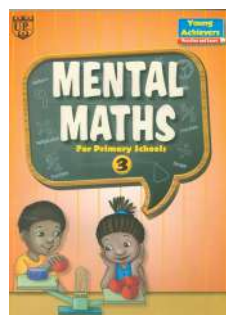

YOUNG ACHIEVERS PRACTICE AND LEARN MENTAL MATHS FOR PRIMARY SCHOOLS BOOKS 1-3

ISBN:
9789780698454

ISBN:
9789780698461

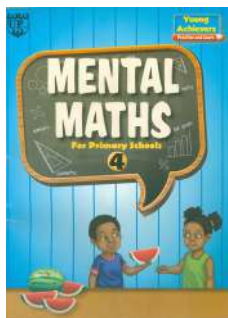

ISBN:
9789780698478

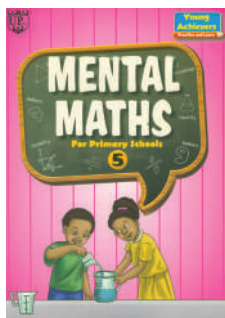

The series introduces children to a world of numbers and slowly graduates into counting. It is aimed to ease children into the process of learning mathematics. The books also give the children enough practice exercises so as to help them master the concepts taught. Teacher's Corner is also provided in the series to serve as a guide to the teacher to know what he/she should emphasize while teaching.

They serve as an excellent guide to the English language for students and general readers.

THE NEW STUDENT COMPANION FOR PRIMARY SCHOOLS

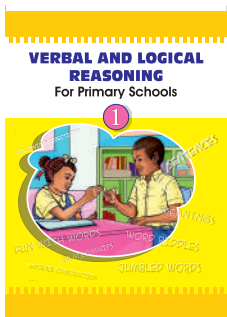

ISBN:
9789

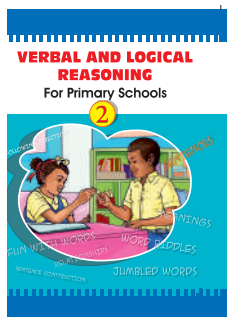

The *New Student Companion* helps in the learning and understanding of the English language by serving as an essential reference guide. The book helps in word/sentence formation and assists students to read and write flawlessly through the acquisition of the right language/linguistics skills.

With appropriate registers on different areas ranging from human and animals to inanimate objects, the book helps to enhance student's vocabulary as they come across lexical terms from various fields/disciplines. It also provides a good literary background for the child by consolidating the child's foundation in the aspect of grammar (e.g. antonyms, synonyms, homophones, homonyms, parts of speech, active/passive voice and punctuation), proverbs and idiomatic expressions to make language lively and appealing. The General Knowledge section provides the reader with the basic information about the world we live in, the men and women of history, countries and currencies, etc. The book can also serve as an encyclopedia and is useful to primary school students, teachers, parents and researchers.

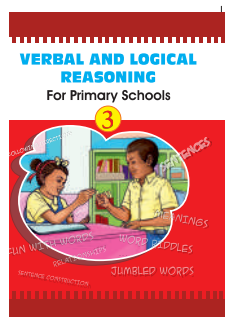

VERBAL AND LOGICAL REASONING FOR PRIMARY SCHOOLS BOOKS 1-3

ISBN:

ISBN:
9789789405459

Each module in the books begins with a Bible passage, which captures the entire topic and also serves as a scripture memory verse for the pupils. This encourages the memorisation of Bible passages. The series takes into consideration the pupils' age and has made the language of bible storytelling simple and easy to understand. The topics are treated systematically and present ideas with situations practical to the pupils. Christian view of goal setting, decision making, career choice, positive values and corruption in society are also discussed. Each book in the series is accompanied by a Workbook.

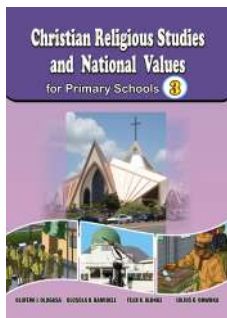

CHRISTIAN RELIGIOUS STUDIES AND NATIONAL VALUES FOR PRIMARY SCHOOLS BOOKS 1-3

ISBN:
9789780699093

ISBN:
9789780699109
